Sometimes it feels like school is your whole world.

Meet Sam and Taylor. Best friends. Most of the time.

In your face!
Stop cheating!

Ha ha ha ha ha ha ha!

Better than you at cheating!

Ugh none of this makes any sense.
I'll help you later.
Sam and Taylor spend a lot of time online. They talk to friends, do homework, play games. Outside of school, most of their social life is online.

Ugh, Reese is such a tool.

Reese is hilarious!
Reese doesn’t go to this school, but everyone knows him. Or at least thinks they do...

I don’t care what she did. Reese is foul for this...

It’s foul, but it is pretty funny.
Sometimes living online is fun. Sometimes it can ruin your life offline.
Reese is getting out of control. I can’t believe he’s getting away with this...

I mean, she sent him the pictures. What did she expect?

Not for them to wind up on the internet....

It’s not that big of a deal, she’ll get over it.

Even if she does, that doesn’t make this okay. What’s wrong with you?

It’s a joke, what happened to your sense of humor?
Reese is always posting. I wonder...

Either Reese is a model... or he's a catfish
I don't think Reese is real. All of his pics are from an old website.

Maybe it's his old site.

Just because you don't like him, doesn't mean he's fake.

He's a creep. Why can't you see that?

All I see is you overreacting. What's the big deal? It's funny.
The kids don’t really know Reese, but they do know Taylor. They thought.

I can’t believe Taylor would act like this...

Spreading pictures like these is a crime, how did you get them?

He stole them, we’re looking for him too. Do you know him?

She sent them to this guy Reese, he posted them.

No, I mean I know him online...
I talked to her a couple of times. She was really nice.

Yeah, the cops said it was somebody way older than us.

She thought he was her friend. You know Reese wasn’t real right?

I should have listened to you.

Hey, I didn’t think anyone was coming to see me.

I can’t stay long. I just wanted to know why...
So he helped this creep ruin my life because he thought it was funny?

He was an idiot. He didn’t know Reese wasn’t real.

Taylor is my best friend. It’s not supposed to be like this.

Now what do I do? I don’t belong here....
It's not fair. Reese started all of this. He's not even in the country...

She's mad, her parents are mad... He might have to go to juvie.

Did you talk to her? What'd she say about Taylor?

Even if they agree not to press charges Taylor's still in trouble. His parents are talking about sending him to boarding school.

Everyone keeps saying it's just the internet...
It feels like it's everywhere. People recognize me on the street now.
This is never going to go away...
You’re lucky they gave you probation. We raised you better than this. Harassing some girl?

You won’t be using the computer for anything but homework. You can have a phone when you start paying for one.

I said I was sorry. It will never happen again.

Sam said the same thing.

I really am sorry. I’ll never do anything like this ever again.

I hope that’s true.
I'm going to miss you man. Are you sure your mom won't change her mind?

She says I'll have to finish all my community service this summer. 4000 hours, 10 weeks.

Anyway. I deserve it.

Deep down I knew it was wrong. I did it anyway.
It can feel like your life is ruined. It goes on. You can get better.
